

moraz

galilee medical herbs

Moraz Galilee Medical Herbs is a global company specializing in the research, development and production of highly effective skin treatments and cosmetics, based on a range of healing plants, that solve various skin conditions while protecting and nourishing the skin. The unique Moraz advantage lays in innovative methods for extracting especially high concentrations of the plant essences and utilizing their special qualities. Moraz products have been tested and their efficacy clinically approved. They are successfully sold in many countries around the world.
